

AV Rider

Alisha provides her own Apple MacBook Air 13" running MacOS Ventura v 13.4

VIDEO

Alisha has a USB-C input and an HDMI dongle or USB-C Dongle to connect to your projection system. Her presentation is presented from her computer using a 16:9 display ratio.

AUDIO

Alisha can use a standard 3.5mm analog headphone jack, USB-C ports or HDMI.

MICROPHONE

Alisha requests a wireless Countryman H6 Headset microphone connected to a professional audio system, in addition to a handheld mic for audience interaction.

SCREENS/CONFIDENCE MONITORS

Alisha strongly prefers at least one confidence monitor positioned at the middle front of the stage, along with a countdown clock beside it. Any screens showing slides should be positioned to the right and/or left of the stage.

AV TESTING / SOUNDCHECK

Alisha requires an A/V check no fewer than 30 minutes before taking the stage.

NO PODIUM

Alisha prefers no podium on stage. If one must be present, please have it pushed back so she may walk in front of it unencumbered.

BEVERAGE

Please have a bottle of water available to Alisha while on stage.
