

Alisha's Bio

Alisha De Lorenzo — a **keynote speaker, high performance coach, and positive deviant.**

After decades spearheading groundbreaking initiatives in academia, Alisha De Lorenzo's ascent into the corporate world is nothing short of remarkable. Alisha has emerged as a guiding force in reshaping the way companies cut through the noise, lean into positive disruption, and solve for the disengagement, disconnection, and declining morale plaguing our organizations. Alisha has come to believe that the only way we fight overwhelm and burnout is not lowering our standards or doing less, rather, unleashing a level of aliveness in our people.

An acclaimed international speaker, award winning educator and therapist, Alisha has shared her thought leading insights and frameworks with hundreds of thousands of audience members from the US to Africa. Her work has been featured on PBS, NBC and NJ Spotlight News while her influence has impacted organizations like Mondelez, Wawa and the US Army as well as the NJ Department of Education and many government officials.

Alisha's profound understanding of the human spirit sets the foundation for companies to unlock innovation, differentiation and growth to drive engagement, productivity and high performance. Stepping into the realm of the extraordinary requires leaders to create cultures where people feel seen, heard and valued and that is the foundation to the aliveness we all seek.
